

LED

Surface light

Technical Specification

Make	AlpsGlo
Models	Round / Square
Power	10W, 12W, 15W
Light source	LED's
Input Voltage	80V – 300V, 50 Hz
Surge Protection	Upto 3 kV
Power factor	> 0.95
THD	20%
Operating Humidity	5% to 95% Non Condensing
Luminous efficiency	> 100 lm/W (as per LM-80 report)
Colour Temperature	3000K/ 4000K/ 6500K
CRI	> 80
Ambient temperature	-10 degree to 40 degree C
Ingress protection	IP 20 (not suitable for outdoors)
Body material (housing)	PVC with Aluminum insert
Diffuser	Polycarbonate
Driver	Generic open type (integrated)
Fixation	Screw (Ceiling/Wall mount)
Warranty	02 years

** Extended warranty periods may attract higher charges.*

*** Repair/modification facility available (any brand).*
