- ➔ Solid state Electronic Flasher housed in separate weather protected enclosure.
- ➔ Waterproofing through EPDM Gasket and Sealant.
- ➔ IP-65 rated control panel.
- ➔ Operating temperature range: -20° C to +50° C.

Technical specifications:

Optical light out put	100000 cd +_ 25%
Flash Rate	20 to 60 fpm
Light Source	LED
Color	White/Red
Input Voltage	230 V AC
Operating Voltage	24 V DC (Thr. Control Panel)
Lamp life	50,000 hrs
Body	Aluminium Alloy
Operating Temp.	45 deg. To 65 deg.
Weight	30 kgs approx
Mounting holes	10 mm x 3 holes, @180 Pcd
